

THE HIGH GRADE PROJECT GENERATOR

Silver Range's strict focus on high grade gold and silver projects in Northern Canada and Nevada provides an attractive portfolio regardless of metal price volatility.

PARK PLACE GOLD - Canada's next great gold producing province

Strategic ground position covering all of the most significant iron formation gold discoveries located between WPC Resources' Lupin Mine (past production over 3.4 Moz. Au @ 8.9 g/t) and Sabina Gold and Silver's George and Goose Lake deposits (5.33 Moz. Au Measured and Indicated @ 5.87 g/t).

2016 exploration at UIST defined multiple showings over a 1.6 km long zone with best grab sample results of **64.3 g/t Au**.

ESKER LAKE: Surface samples to **61 g/t Au** located within a 3.5 km long zone.

BLING: Sulphide horizon traced for >700 m with VLF-EM. Trench sample grading **16 g/t Au over 2 m**, and grab samples to **47 g/t Au**.

GOLD BUGS: 3 zones identified to date within a 7 km long iron formation. Highlight grab samples include **33.2 g/t Au** in the West Zone and **11.7 g/t Au** in the East Zone.

ENNADAI - RANKIN GREENSTONE BELT

HARD CASH - 2016 exploration identified a 1,400 m long float train where 11 of 25 grab samples returned **>8 g/t Au** and the best sample assayed **116 g/t Au**, and a new bedrock showing 2 km along strike returned grab samples to **11.45 g/t Au**.

QUARTZITE - 10 structurally hosted gold showings located southwest of Agnico Eagles' Meliadine Mine development. Historical sampling to **132 g/t Au** and 2016 grab sample assays include **27.3 g/t Au** at West End, and **26.2 g/t Au** at Eva Lake.

NEVADA PORTFOLIO HIGHLIGHTS

COLD SPRINGS: On Highway 50 in Nevada, this property hosts low sulphidation, stockwork-hosted, quartz chalcedony veins with surface mineralization returning assays up to **20.1 g/t Au** and **1,770 g/t Ag**. Drill ready with targets.

LEGAL TENDER: Located in the Royston Hills, Nye County, this property hosts silver and gold epithermal mineralization exploited in several small mines along a one kilometre trend. Recent grab sampling returned up to **1,875 g/t Ag** and **2.53 g/t Au**.

GOLD CHIEF: This gold target is hosted in a wide breccia zone in Paleozoic carbonates near Caliente NV. Sampling by Silver Range in 2016 included a chip sample across an exposed face in a glory hole which returned **13.0 m @ 1.05 g/t gold** including **3.0 m @ 2.83 g/t gold**.

RAND: Intrusion-hosted gold-copper mineralization located south of the Rawhide District in Nevada. Grab sample results from this property returned up to **35.5 g/t Au** and **19% Cu**.

OTHERS: 9 additional projects, some with minor past production, all host high grade surface samples.

Management/Directors

Mike Power, M.Sc., P.Geo. - President/CEO/Director
Geologist and Geophysicist with over 30 years experience in mineral exploration. Founding partner of Aurora Geosciences and President of Panarc Resources Ltd.

Ian Talbot, B.Sc., LLB. - COO
Geologist and lawyer. Former in-house counsel with BHP Billiton World Exploration Inc.

Larry Donaldson, C.P.A., - C.A. CFO
Chartered Professional Accountant with broad experience in public company audits, accounting and tax.

Glenn Yeadon, B.Comm., LLB. - Secretary/Director
Barrister and solicitor practicing primarily in the field of securities law.

Richard Drechsler, B.Sc. - V.P. Communications
Manager of corporate communications. 10 years experience in the exploration industry.

Doug Eaton, B.A., B.Sc. - Director
Principal of Archer, Cathro & Associates since 1981. President and CEO of Strategic Metals Ltd.

Bruce Youngman, B.Sc. - Director
Geologist and Former President of Canplats Resource Corporation, acquired by Goldcorp Inc. for \$300 million in 2010. Former President and VP of Northern Dynasty Minerals Ltd.

Tom Beaudoin, B.Sc. - Independent Director
Former Land Claims negotiator and consultant to several First Nations in Northern Canada on a range of economic development and resource management initiatives.

Douglas Goss, B.Comm., LLB. - Independent Director
Barrister and solicitor specializing in corporate and securities law. General Counsel to Premium Brands Holding Corporation.

Bruce Kenway, C.P.A., C.A. - Independent Director
A founding member of Kenway Mack Slusarchuck Stewart LLP, and a Director of Strategic Metals Ltd. and ATAC Resources Ltd.

Barry Heck, LLB. - Independent Director
President and Principal Partner of EL Merchant Capital. Extensive range of experience in finance and investing, M&A transactions, private equity and venture capital transactions.
